SOA President's Welcome

Samuel I. Brown, MD

Welcome! My wife Rosemary and I are delighted that you and your family are with us for the 34th Annual Southern Orthopaedic Association Meeting at the Westin Hilton Head Island Resort and Spa in Hilton Head, SC. This is going to be yet another excellent meeting with stellar academic presentations and an exciting social program. This will happen in a truly beautiful venue surrounded by the ocean and some of the south east's finest golf courses.

The academic program has been expertly crafted by Dr. Robert Zura, Chairman of Orthopaedic Surgery at LSU. The program will cover all disciplines of Orthopaedics, with numerous symposia and outstanding faculty. Again this year we will have "Rapid Fire Sessions" which provide tremendous small group interactive presentations on select hot topics in multiple specialties.

Our Presidential Guest Speaker is Dr. Kevin D. Plancher, Clinical Professor of Orthopaedics at Albert Einstein College of Medicine in New York. Dr. Plancher is an internationally known expert and speaker in Sports Medicine and Physician Leadership. His annual OSET Sports Medicine Meeting has achieved international acclaim, likewise.

Our Distinguished Orthopaedic Surgeon Award and designation is a legendary Sports Medicine pioneer, Dr. John A. Feagin. Colonel Feagin's name has become synonymous with Orthopaedic Physician Leadership and as such, has been a mentor to countless other Orthopaedic Physicians. We will all benefit from his wisdom and heritage for sure.

The Social Program will be excellent as usual with morning breakfast/entertainment daily at the spouse hospitality from 8:30 to 10:00 am. Activities will include golf (of course), Nearshore Charter Fishing, Dolphin Eco Tours, Tennis, Biking, swimming and just enjoying one of the most beautiful beaches in the southeast. Evenings will be filled with great social time, food and beverage.

If you have any questions, do not hesitate to contact me or our SOA Management Team: Chuck Freitag, Stacy, Cynthia and their team.

Best Always,

Samuel I. Brown, MD
